<https://www.linkedin.com/in/justin-mothorpe/>

Objective:

I am a clever student looking for a summer job or internship focusing on coding to further my college plans in IT and engineering.

Projects:

Resume Generator

December 2023

- <https://github.com/Gear-change/introToPythonProject>
- Got a solid Second place in the voting, due to having presented the week prior, being rushed in presenting due to amount of systems involved, and the winner having been a group that presented the day of voting.
